**Higher sales and underlying profits from continuing businesses
- recovery on track.**

GROUP RESULTS

- Continuing businesses perform strongly:
 - sales up 8.4 per cent to £9.6bn;
 - underlying* operating profit before e-commerce up 10.2 per cent to £366m.
- Underlying profit before tax and continuing e-commerce up 7.0 per cent to £338m.
- Underlying profit before tax up 3.2 per cent to £309m.
- Interim dividend maintained at 4.02 pence per share.

UK SUPERMARKETS

- Sales up 7.5 per cent to £7.8bn.
- Like-for-like sales growth (ex petrol) up 6.0 per cent - 3 consecutive quarters of strong growth.
- Customer visits up 6.2 per cent.
- Underlying operating profit before e-commerce up 10.0 per cent to £282m
- Business Transformation – programme on track:
 - delivery of new systems and modernisation of supply chain going well;
 - store reinvigoration accelerated – improving sales uplifts;
 - on track to deliver £150m cost savings target for year.

SHAW'S

- Sales up 8.4 per cent to \$2,355m.
- Like-for-like sales growth of 4.5 per cent.
- Operating profit up 22.1 per cent to \$101m.

* Underlying profits are before amortisation of goodwill, exceptional costs and non-operating items.

Sir Peter Davis, Group Chief Executive, said:

"Sainsbury's Supermarkets in the UK and Shaw's in the US have both performed strongly. Sainsbury's sales growth is particularly encouraging. We have now delivered three consecutive quarters of strong like-for-like sales; this is the best sustained growth the company has delivered for over 10 years. We have also started to increase profits whilst investing substantially both in the Sainsbury brand and in transforming the business.

To achieve these results we have improved the quality of our customer offer, extending choice through the creation of new ranges, improving our standards of service in-store and working to ensure that our offer is priced competitively in the market.

At the same time we are investing in the long-term growth of the business through our business transformation programme. We have completed 54 extensions and refurbishments in this first half year and sales uplifts are very encouraging. For the 13 stores refurbished in Q1 we have already achieved an average sales uplift of 10 per cent and we have raised our projections of the ultimate sales uplifts to 12 per cent. This is in line with the uplifts achieved on stores reinvigorated last year.

We have made significant progress over the last year in updating our systems. The programme is running on time and on budget; it has already had a positive impact on the business.

We have built a new customer data warehouse to enable us to better use the very valuable customer data from the Reward card. We have also re-launched our Sainsbury's to You website on a new IT platform; this has improved speed, performance and the visual attributes of the site. We have introduced much improved IT systems in our new business centre which deliver a quantum leap in performance and facilitate new ways of working.

We are making good progress with the renewal of our supply chain. During this first phase we have doubled the size of our Haydock depot, making it one of the largest in the UK, acquired and opened Emerald Park, serving 63 stores in the South West, whilst closing Middleton and Yate. In phase II we have four major facilities under construction at Stoke-On-Trent, Hams Hall in Birmingham, Waltham Point and Hoddesdon in Hertfordshire.

We have moved successfully our entire Business Centre into one modern facility from nine dispersed and rather dated offices. We have also secured planning permission to develop our Stamford Street site and demolition will commence in January 2002.

We have also opened four of the scheduled six Boots 'implants' within selected Sainsbury's out-of-town stores and will open the balance by the end of this month, all ahead of plan.

We have appointed Sara Weller and Stuart Mitchell as joint assistant managing directors of Sainsbury's Supermarkets. Sara is responsible for Strategy and Marketing and also for Sainsbury's Bank and Sainsbury's to You. This will ensure that all parts of the UK business work together to achieve the objectives of our brand. Stuart is responsible for Trading, Retail and Distribution – all the operational facets of our business in an end-to-end process. This focus should ensure that we work faster, simpler and together to generate maximum customer benefit and operational efficiencies. In the first half we delivered cost savings of £60m and we are on track to achieve our target of £150m cost savings.

Shaw's has delivered an excellent first half profit performance with good sales growth of 8.4 per cent. We have completed the integration of 18 stores we bought from Grand Union in March and will achieve distribution efficiencies this year through the closure of our East Bridgewater site. We are well placed to continue to grow Shaw's as a strong regional player.

Our continuing businesses have performed strongly in the first half. In the first 5 weeks of the second half I am happy to say that sales have remained encouraging. I am confident that we are making excellent progress in delivering our 3 year business transformation programme."

Group Financial Summary

The results for the first half year reflect substantial progress across the Group. This progress is evidenced by underlying Group profit before tax and continuing e-commerce increasing by 7.0 per cent year on year to £338m (2000 : £316m), a significant improvement on the stabilisation of Group profits achieved last year.

Group sales (including VAT) from continuing operations increased by 8.4 per cent to £9.6bn.

Underlying operating profit from continuing operations before e-commerce was £366m, an increase of £34m or 10.2 per cent over the previous year.

Operating Profit	2001 £m	Change %
Sainsbury's Supermarkets	282	10.0
Shaw's	70	27.8
Sainsbury's Bank	10	12.9
JS Developments	8	(38.9)
Profit share	(4)	-
Underlying operating profit before e-commerce	366	10.2
Sainsbury's to You	(29)	(75.6)
Amortisation of goodwill	(8)	(14.9)
Operating profit excluding exceptionals and discontinued operations	329	6.6

The operating loss from discontinued businesses was £2m resulting from the final 6 weeks trading of our Egyptian business sold on 15th May 2001.

Underlying Group profit before tax and continuing e-commerce was £338 million (2000 : £316m) an increase of 7.0 per cent. After continuing e-commerce of £29m (2000: £16m), underlying Group profit before tax was £309m (2000: £300m), an increase of 3.2 per cent over the previous year.

Exceptional operating costs were £21m (2000: nil). These include severance and closure costs of £8m relating to the business transformation programme in Sainsbury's Supermarkets, closure costs of £5m relating to the termination of the Taste joint venture and depot closure costs in Shaw's amounting to £8m. As previously communicated, we expect the exceptional operating costs for the full year to be between £35m and £50m.

The Group tax charge was £99m (2000 restated for FRS 19 : £102m). We have adopted FRS19 on deferred tax; this will raise our underlying tax rate in 2001/02 by approximate 2 per cent to 34 per cent. The underlying effective tax rate in the first half was 34 per cent (2000: 32 per cent).

Underlying earnings per share was 10.7 pence (2000 restated for FRS19: 10.4 pence), an increase of 2.9 per cent on the previous year.

The Board has declared an interim dividend of 4.02 pence per share which remains unchanged from last year. The interim dividend will be paid on 11th January 2002 to shareholders on the Register of Members at the close of business on Friday 30th November 2001.

Group capital expenditure in the half year was £561m (2000: £476m). UK capital expenditure was £506m including £95m on new stores, £265m on extensions and refurbishments and £94m on the construction of new distribution depots. Shaw's capital expenditure was £55m (2000: £57m). We forecast Group capital expenditure to be £1.1bn for the year.

Net debt at the half year increased by £284m to £1.1bn (31 March 2001 : £859m) with gearing increased to 23 per cent from 18 per cent at 31 March 2001 (22 per cent and 17 per cent respectively before restatement for FRS19).

Sainsbury's Supermarkets

Total sales grew by 7.5 per cent to £7,814m (2000: £7,267m). Like-for-like sales growth (excluding petrol) was 6.0 per cent, the third consecutive quarter of strong like-for-like sales growth. The business has been competing more effectively by offering a compelling combination of extraordinary quality at ordinary prices, supported by the acceleration of our store reinvigoration programme.

Sainsbury's Supermarkets sales, including VAT, excluding Petrol

% Growth	00/01 Q3	00/01 Q4	01/02 Q1	01/02 Q2	01/02 H1
Volume	(0.7)	4.1	3.9	4.5	4.2
Inflation	1.1	0.7	2.1	1.5	1.8
Like-for-like sales growth	0.4	4.8	6.0	6.0	6.0
Net new space	2.0	2.1	2.6	1.7	2.1
Total growth	2.4	6.9	8.6	7.7	8.1

Cost savings of £60m were delivered during the first half, of which £30m related to buying efficiencies. We are on track to deliver £150m of cost savings for the year. In the first half, there has been a significant investment in the brand to deliver higher sales growth. Additional costs have been incurred in implementing the transformation programmes, such as systems, supply chain and store reinvigoration, which is necessary to deliver operating efficiencies in the future.

Fifty-four extensions and refurbishments were completed in the first half, compared with 50 for the whole of last year. The sales uplifts from reinvigorated stores continue to exceed our expectations.

Underlying operating profit before e-commerce for the first half year was £282m (2000: £256m), an increase of 10.0 per cent over the previous year. The operating margin increased from 3.5 per cent to 3.6 per cent.

E-commerce investment in Sainsbury's to You in the first half was £29m (2000: £16m). This excludes pre-closure operating losses of £4m in the Taste joint venture which was terminated on 1st September 2001. The operating losses of Sainsbury's to You increased during the first half due to increased geographic coverage, with 24 more in-store picking centres than at the same time last year, related marketing costs and low operating efficiencies in the 2 dedicated picking centres while operating models and sales volumes are established.

Shaw's (US Operations)

Sales grew by 8.4 per cent to \$2,355m (2000: \$2,173m). Like-for-like growth was 4.5 per cent. Good sales uplifts were generated from increased ranging and development initiatives.

Shaw's sales

	00/01 Q3	00/01 Q4	01/02 Q1	01/02 Q2	01/02 H1
% Growth					
Like-for-like growth	1.3	2.5	3.8	5.0	4.5
New space	(0.5)	0.7	3.4	4.4	3.9
Total growth	0.8	3.2	7.2	9.4	8.4

The new formats are performing well and the development programme has been accelerated. Ten refurbishments and extensions (excluding Grand Union) were completed in the first half, an increase from 4 in the previous year. Eighteen Grand Union stores purchased on the 4th March 2001 have been rebadged as Shaw's and the integration is proceeding smoothly.

A local union agreement was successfully renegotiated at the end of July this year together with the announced closure of the East Bridgewater depot. This facility was outdated and poorly located for Shaw's business today and the closure will generate significant distribution efficiencies.

Operating profit for the year increased by 22.1 per cent to \$101m (2000: \$83m) and the operating margin increased from 3.8 per cent to 4.3 per cent.

Sainsbury's Bank

Sainsbury's Bank performed well during the first half year with strong growth in operating profit. Turnover increased by 10.7 per cent to £83m (2000: £75m) and operating profit was £10m (2000: £9m) an increase of 12.9 per cent. The first half included a VAT credit of £2.8m compared with £3.5m in the first half of last year. Adjusting for the impact of the VAT credits, the underlying profit increase was an impressive 36 per cent.

The application of retail style in-store product merchandising and promotions has resulted in commission income being up 33 per cent, customer deposits were up 22 per cent and lending was up 15 per cent. Use of our in-store channel has allowed us to keep acquisition costs low.

Property development

JS Developments operating profit in the first half was £8m (2000: £13m). Only 1 major project was completed during the first half.

We are currently evaluating 45 property schemes on existing sites which will release value and at the same time increase customer footfall in our stores. This will lead to a more effective utilisation of our extensive property assets.

Notes to the Results

1. Accounting policies

The financial information has been prepared using the accounting policies set out in the Annual Report and Financial Statements 2001 with the exception of the policy on deferred tax. Financial Reporting Standard (FRS) 19 'Deferred Tax' has been adopted with effect from 1 April 2001. FRS 19 requires that deferred tax be recognised in respect of all timing differences that have originated, but not reversed, by the balance sheet date. Prior to 1 April 2001 the Group's accounting policy was to provide for the deferred tax which was likely to be payable or recoverable.

The Group agreed to sell its Homebase business in December 2000 and the Egyptian business in May 2001. These businesses have been treated as discontinued operations in the profit and loss account, but the comparative figures include the assets & liabilities and cash flows of these businesses, as appropriate.

2. Group turnover and operating profit

Set out below are the Group turnover and operating profit after e-commerce costs, but before amortisation of goodwill and exceptional costs.

	28 weeks to 13 October 2001 (unaudited) £m	28 weeks to 14 October 2000 (unaudited) £m	Change %
<u>Turnover Inc VAT</u>			
Food retailing and financial services – UK	7,897	7,342	7.6%
Property development – UK	53	64	(17.2 %)
Food retailing – US	1,643	1,444	13.8%
Continuing operations	9,593	8,850	8.4%
Discontinued operations	8	904	
Total	9,601	9,754	(1.6%)
<u>Turnover Ex VAT</u>			
Food retailing and financial services – UK	7,354	6,846	7.4 %
Property development – UK	53	64	(17.2%)
Food retailing – US	1,630	1,431	13.9%
Continuing operations	9,037	8,341	8.3%
Discontinued operations	8	776	
Total	9,045	9,117	(0.8%)
<u>Operating profit</u>			
Food retailing and financial services – UK	263	249	5.7%
Property development – UK	8	13	(38.9%)
Food retailing – US	70	55	27.8%
Profit sharing	(4)	(1)	
Continuing operations	337	316	6.7%
Discontinued operations	(2)	23	
Total	335	339	(1.2%)

2. Group turnover and operating profit (continued)

US sales and operating profit have been translated at an average exchange rate for the period of £1 = \$1.4328 (2000/01 28 weeks : £1 = \$1.5100).

	28 weeks to 13 October 2001 \$m	28 weeks to 14 October 2000 \$m	Change %
Shaw's sales and operating profit			
Sales (including sales tax)	2,355	2,173	8.4
Operating profit	101	83	22.1

3. Exceptional items

3.1 Exceptional operating items

	28 weeks to 13 October 2001 (unaudited) £m	28 weeks to 14 October 2000 (unaudited) £m
Sainsbury's Supermarkets	13	-
Shaw's Supermarkets	8	-
Exceptional operating costs	21	-

The costs in Sainsbury's Supermarkets relate to the business transformation programme which involves significant changes across the whole business and includes infrastructure projects such as reinvigorating the entire store portfolio, modernising the supply chain, replatforming all IT systems and introducing new ways of working. The costs of closure of Taste are also included in Sainsbury's Supermarkets. The costs in Shaw's related to depot closure costs.

3.2 Exceptional non-operating items

Profits on sales of properties were as follows:

	28 weeks to 13 October 2001 (unaudited) £m	28 weeks to 14 October 2000 (unaudited) £m
Sale and leaseback of UK supermarket freeholds	-	51
Other	(3)	(5)
	(3)	46

4. Taxation

The tax charge in the profit & loss account comprises:

	28 weeks to 13 October 2001 (unaudited) £m	28 weeks to 14 October 2000 (unaudited)* £m
Current tax	96	99
Deferred tax	6	3
Tax relief on exceptional items	(3)	-
	99	102

Compliance with FRS 19 'deferred tax' results in an additional tax charge of £6m in the current period, which reduces profit after tax from £184m to £178m and earnings per share by 0.3 pence.

The prior year comparatives have been restated to comply with FRS 19 'deferred tax'. The effect is to reduce profit after tax by £3m from £239m to £236m and to reduce opening net assets by £160m to £4751m. Earnings per share have been restated from 12.6p to 12.4p. Underlying earnings per share have been restated from 10.6p to 10.4p.

5. Earnings per share

Basic earnings per share is calculated by dividing the earnings attributable to ordinary shareholders by the weighted average number of ordinary shares in issue during the period, excluding those held by the Employee Share Ownership Trusts which are treated as cancelled.

For diluted earnings per share, the weighted average number of ordinary shares in issue is adjusted to assume conversion of all dilutive potential ordinary shares. These represent share options granted to employees where the exercise price is less than the average market price of the Company's ordinary shares during the period to 13 October 2001.

	28 weeks to 13 October 2001 million	28 weeks to 14 October 2000 million
Weighted average number of shares in issue	1,907.7	1,901.0
Weighted average number of dilutive share options	13.5	8.5
Total number of shares for calculating diluted earnings per share	1,921.2	1,909.5

The alternative measure of earnings per share is provided because it reflects the Group's underlying trading performance by excluding the effect of amortisation of goodwill and exceptional items.

	28 weeks to 13 October 2001		28 weeks to 14 October 2000	
	Earnings £m	Per share amount pence	Earnings £m	Per share amount pence
Basic Earnings per share	175	9.2	236	12.4
Amortisation of goodwill	8	0.4	8	0.4
Exceptional items net of tax:				
Operating Profit	18	0.9	-	-
Loss/(Profit) on sale of properties	3	0.2	(46)	(2.4)
Underlying earnings per share before amortisation of goodwill and exceptional items	204	10.7	198	10.4
Diluted earnings per share	175	9.1	236	12.4
Underlying diluted earnings per share before amortisation of goodwill and exceptional items	204	10.6	198	10.4

	347	415	-	(1)	761
Debt due within 1 year	(230)	(472)	-	-	(702)
Debt due after 1 year	(796)	(230)	-	-	(1,026)
Finance leases	(180)	1	(1)	4	(176)
Total	(859)	(286)	(1)	3	(1,143)

9. Financial information

The interim results are unaudited but have been reviewed by the auditors. The financial information presented herein does not amount to full accounts within the meaning of Section 240 of the Companies Act 1985 (as amended). The figures for the 52 weeks to 31 March 2001 have been extracted from the 2001 Annual Accounts which have been filed with the Registrar of Companies. The audit report on the 2001 Annual Accounts was unqualified and did not contain a statement under Section 237 (2) or (3) of the Companies Act 1985.

The company's results will be published in the Interim Statement which will be posted to shareholders on 21 November 2001. Copies will also be available from J Sainsbury plc, 33 Holborn London EC1N 2HT and at its paying agents Citibank, N.A., 336 Strand, London WC2R 1HB and Chase Manhattan Bank, Trinity Tower, 9 Thomas More Street, London E1 9YT.

**Review report by the Auditors to the Board of
Directors of J Sainsbury Plc**

Independent Review Report to J Sainsbury plc

We have been instructed by the company to review the financial information which comprises a summarised profit and loss account, statement of total recognised gains and losses, summarised balance sheet information, a summarised cash flow statement, comparative figures and associated notes. We have read the other information contained in the interim report and considered whether it contains any apparent misstatements or material inconsistencies with the financial information.

Directors' responsibilities

The interim report, including the financial information contained therein, is the responsibility of, and has been approved by the directors. The directors are responsible for preparing the interim report in accordance with the Listing Rules of the Financial Services Authority which require that the accounting policies and presentation applied to the interim figures should be consistent with those applied in preparing the preceding annual accounts except where any changes, and the reasons for them, are disclosed.

Review work performed

We conducted our review in accordance with guidance contained in Bulletin 1999/4 issued by the Auditing Practices Board for use in the United Kingdom. A review consists principally of making enquiries of group management and applying analytical procedures to the financial information and underlying financial data and, based thereon, assessing whether the accounting policies and presentation have been consistently applied unless otherwise disclosed. A review excludes audit procedures such as tests of controls and verification of assets, liabilities and transactions. It is substantially less in scope than an audit performed in accordance with United Kingdom Auditing Standards and therefore provides a lower level of assurance than an audit. Accordingly we do not express an audit opinion on the financial information.

Review conclusion

On the basis of our review we are not aware of any material modifications that should be made to the financial information as presented for the 28 weeks ended 13 October 2001.
